

Australian CamperTrailers Group

The Australian CamperTrailers Group is a non-profit internet based group which provides a place for like-minded people to chat camper trailers, travel or just camping in general, free of commercial advertising, pressures or promotion of any kind.

The group was started 9 years ago & now has a membership of over 5600 who can produce a number of messages a month, making it one of the most friendliest & successful groups of its type on the internet.

Although the group was started as an Australian off road camper trailers group, we also enjoy the input of members owning a wide range of camping accommodation from tents & swags, right through to converted buses & motorhomes. Members from other countries are also welcome which gives us an insight into how others camp outside our own environment.

There are many members who have joined the group seeking advice when it comes to buying a camper trailer. We do not push one brand over another, but with the combined help from members who own camper trailers, we hope to steer them in the right direction & help them make an educated decision.

At times group weekend get togethers are arranged in most states & this gives members a chance to meet each other & see the face behind the typing. It also gives those looking at buying a camper trailer an opportunity to check campers over first hand & get an unbiased opinion from their owners.

The groups 6th national meet was held in 2009 at Condobolin NSW where 90 camper trailers, caravans & tents attended with over 220 people gathered to meet & enjoy each others company, chat camper trailers, cook on the open fire, exchange recipes, check modifications to campers & explore the area.

Our 7th national meet will be held at Baradine NSW from Monday 26th to Friday 30th of October 2011. You are more than welcome to stay the week or use the meet as a stepping stone during your journey.

The Australian CamperTrailers Group is proud of the fact it is not affiliated with any camper trailer manufacturers, commercial outlets or accessory suppliers, however the groups owners have organised discounts for members with some suppliers.

The groups website can be found on the net www.campertrailers.org with the associated yahoo group at <http://autos.groups.yahoo.com/group/campertrailers>

Hope to see you in the group & at one of the regular get togethers.

Rob, Kev & Jason
