# HAPPY TREKKERS!

The Happy Trekkers convoy will wind its way through NNSW, and the fresh smell of damp forest will lead to a waterfall nearby that tumbles onto the Rocky River bed far below. Bird life abounds and as they dart about, their shrill breaks the silence of our great Australian Bush. The highlight of the walk may be the Fungi found, but for now, the track leads on for the mountain ahead will share a great view!

There's UHF chatter, a Bushranger hideout is said to be near and tonight we will hear from the local Bush Poet. The Wood Chuck Wagon will be unloaded by the grassy river bank where there's lots of room for tents & camper-trailers and our central BBQ will do great steaks that will go very well with a red!

At Happy Hour, there are stories of the day's adventures and of the river crossings tomorrow where the terrain may test the high clearance and the need for low range. More stories will be heard around the campfire tonight that will tell of other times, of adventures past. Then, the stars above will spark a new tale and the toasted marshmallows will go well with the port, and where amongst the laughter, another friend you will find!

*You are invited to share the experience of Fun & Fellowship with the Happy Trekkers Rotary Fundraiser.*

*All monies raised will benefit various charities supported by Rotary.*

Entry Fee \$1000/4WD (Tax deductible)

**LIMITED VEHICLE NUMBERS
